

**BHD** - Bruthöhendurchmesser; **Alter**: a - alt; ma - mittelalt; j - jung; k.A. - keine Angabe vorhanden; **Strukturen**: Angabe Anzahl  
**Nachweis**: **indirekt** - indirekter Nachweis durch Kot, **direkt** - Nachweis von Individuen (mit Angabe der Art), **k.A.** - keine Angabe, Struktur nicht auszumachen/ Baum nicht bekletterbar  
**Quartiereignung (mit Anzahl der Strukturen)**: SQ - Sommerquartier; WQ - Winterquartier; ZQ - Zwischenquartier; k.A. - basierend auf den vorliegenden Daten keine Angabe zu Quartiereignung möglich, - Baum zum Zeitpunkt der Nachkontrolle am Boden liegend (durch Fällung/ Sturm)
